Elastic Fire and Water Proof CEMENT ROOFING.

THE undersigned is prepared to introduce into use in Tennessee W. E. CHILDS & CO'S PATENT LLASTIC FIRE AND WATER-PROOF CEMENT BOOF-

ING, and asks the attention of Architects, Builders Railroad Companies, and the public, to examine its periority over other Roofing. Architects and Builders hould not fail to examine this Rooting, as it is better

forms a hard and smooth surface that will resist the action of the atmesphere in every climate. It is im-pervious to water, elastic, and flexible. It contracts and expands with the changes of the atmosphere, and will neither evaporate, crack nor rot; and, as to its trability, there is no question. It is practically imperishable, and will perfectly re sist any ordinary external exposure to fire, as is fully and abundantly proven, and we will warrant it water brood. We will engage to put our Rooding on over or-linary good sheathing, old shingles, tar and gravel, in, zinc, copper, or from roods—it making no difference how steep or that they may be-for seven dollars per one hundred square feet; it being far cheaper than any roof of the old style, and we are sure it will give better satisfaction.
It will also be found to be the best thing ever invented to cover or mend old loaky tin, tar and gravel roofs, or around chimneys, scuttles, dormer windows and gotters, where the tin is rusted through. This Coment can be put on to last as long as stone, and form a perfect adhesion to any object to which it is applied. Tin Boofs can be comented over (and war ranted not to leak) at two dollars and fifty cents per hire. If you want to save money, and get good stock, don't fail to give me a call, on Church Street, just bebest timing for covering large Roofs where they are ex posed to are—such as Stram Mills, Saw Mills, Factories, Railroad Cars, Bridges, Depots, Station Houses Steamboat Decks, and in fact every kind of Roof where there is an external exposure from fire. As the Roof is perfect, without a joint in it, it presents no chance or tire to communicate, and any light substance will orn out without igniting.

\*\*Parameter of the state of t re Childs & Co's Cement has been used, insure suildings with Roofs covered with this Cement, at the me rates as for those covered with Iron, Copper or

# The Cement will be furnished to those at a disor with directions for using. De Orders and to the undersigned, through the st Office will be promptly attended to I would respectfully refer to the following gentle on for whom I have covered buildings with the Ce

The Greatest Invention of the Age. West's Patent Galvanic Cement.

FOR ROOFING.

THE subscriber is now prepared to cover roofs of buildings, with a new and better article than ever before known. The public are aware that our Govern-ment has had scientific men experimenting, and that it has been the study of the Architects and Builders, for cars, to discover an article for roofing purposes, that would stand the sudden changes of the weather, and e impervious to fire and water, and remain a permaent fixture. As yet, nothing has been attained without costing more than the people wish. The contraction, expansion and rusting of metal roofs, are so great in changeable climates, that they become useless, uness being repaired at great expense yearly. Shinglet are not fire proof, and can not be used on flat roofs, and the various Compositions and Cements that have een brought into use for roufing, do not stand the ac-ion of the weather, but they run when it is warm, and rack when frosty, and after one or two years become

crumbly and worthless; whereas, the inventer of the Galvanic Cement, has labored twenty years to combine articles to obviate those difficulties, and can testify from his long experience, and numerous testimonals from relinate persons, who have had his combination applied ed best acticle ever before known. The combination of this Cement is such that it is calculated for entire new roofs, flat or steep, covering over old shingles without removing them, lining cave troughs, seaming around battlements, chimneys and sky-lights. Cover ng car tops, steamer-decks, &c. This Cement, by its on conduction and galvanism, prevents metal roofs com rusting and unsildering, and resists the extremes I heat and cold better than anything ever invented r entire roofs or for covering metal and the out-side f wood buildings, making them are-proof. Its aparance is like state; beautiful for the rich palace of e humale cottage. The undersigned having secured the right to the State Tenness se, will sell rights of Territory, by Counties Towns, on reasonable terms; The subscriber is also prepared to cover roofs of mildings, in any part of the State, at short notice: This Roof is now being put on in this city, for the benefit of all concerned, and warranted to excel all other modes of Roofing. The subscriber has laid bis

mode of Roofing tested as to its qualities, during the last year and a half in the city of Memphis, which has ved satisfactory, to which a number of the most rominent citizens can testify.

For further information enquire at the office, where samples may be seen. Office with A. V. S. Lindsley Real Estate Broker, No. 33, College Street, Nashville enn.: or address box 69, Post-office, asard, will onak of the following gentlemen who have W. S. BENNETT, PROPRIETOR. Attached is a note from Jour L. Morgan, Esq., Archtect, by which may be seen the opinion of Mr. Samuel Roan, the celebrated Architect and writer upon Archtecture, whose experience with this mode of roofing;

without a doubt, is satisfactory to all.
MEMPHS, March 12, 1857. Mr. W. S. Brygert .- When in Philadelphia, Pa., a few lays ago, I called upon Mr. Samuel Sloan, the celebrat of Architect, and author of the Sloan Work on Archi ecture. I asked his opinion as to the durability, &c.,
if West's Patent Roof, such as you are using in the city of Memphis, and he told me that he had no besitation in saying to me that it is a good and decable roof, and s all that its advocates claim it to be; further saying that he is using it on a fine building for nunself.

Respectfully, JOHN L. MORGAN, Architect. OFFICE OF MISS. CENTRAL & TENN. R. R. Co. 1

This will certify that the M. C. & T. R. R. Co. have neir Cars, Bridges, Buildings, &c., &c., West's Galvar c Cement. Having seen it used and tested, I have no est covering now in use.

est covering now in use.

II. P. NEELY, President
M. C. & T. R. ending it to be the best and cheap ENGINEER'S AND GENERAL SUP'T'S OFFICE, MEMPHIS AND CHARLESTON RAILBOAD. Maurus, June 26, 1857. To Whom it May Concern:—This is to certify that the Memphis and Charleston Entroad Company have pur-chased of W. S. Bennett, the right to prepare and use

ing, having already had it in use for eight months. F. C. ARMS, Gen'l Supt. W. S. BENNETT, Esq. - Dear Sir .- The facts within our knowledge of the durability, &c., of West's Galvanic Cement, are these, The building you covered for us last Spring, I am happy to state, has answered our ex-We can, therefore, recommend it to the public for all rooting purposes; as a light, cheap, fire and water proof roof. It does not get soft and run from the effects of the heat of the sun; nor does it arden and crack from the effects of the cold. Any persons wishing to know more of this article, can call

Carriage Manufactory, Monroe St., Memphis, Tenn MENCHES, Tenn., Doc. 8th, 1856. To WHOM IT MAY CONCERN .- This is to certify that W. S. Bennett covered two roofs for me last Spring rith a composition called West's Patent Galvanic Ce of them was a new deck, the other an ele shingle roof, which are giving perfect satisfaction. He also repaired a domer window, which leaked badly, and had buffled the skill of Carpenters to prevent its leaking, which he succeeded in making perfectly tight, do most cheerfully recommend his mode of reading t the public, for all roofing purposes, and believe it to be a permanent fixture against fire and water

D. COCKRELL, Proprietor Commercial Hotel. SCHERISTENDENT'S OFFICE, MEMPHIS & OHIO R. R. ) Manreis, Texx., Feb. 19, 1857 Mr. BEXNETT: Dear Sir ... Our company having beer cubied very much with leaky cars, put some of you Patent Paint upon them, and so far as my knowledge extends, I can cheerfully recommend it to any who wish a dry roof of any sort. Yours, &c., H. COFFIN, Superintendent. Memrus, Tess., Jan. 14, 1857.

To the Punce; -W. S. Bennett made application to its last Summer to cover our buildings with West's

Galvanie Coment; it being a new thing, we thought we would try it; had it applied to our Blacksmith Shopans Engine House, attached to the Foundry. They have proved all required of a water proof roof, baving with stood some of the greatest storms, and are giving good satisfaction. We can only aid, try it and you will be satisfact.

CURIES & KNAPP, Iron Founders. Мемения, Јап. 14, 1857 Mr. Bennett has done some small amount of roofing for me in his peculiar way, with Cotton staff, coated with a preparation the basis of which appears to be a Coal Tar. It is a very offectual and light roof, and ap-pears to promise considerable durability, from the pears to promise considerable durability, from the preservative qualities of the composition, which pene-trates the cloth and protects it from the influence of the air and water. The Composition does not liquify and run from the effects of the heat of the sun in Summer;

cold of Winter. A. P. MERRIL. Oct. 9—1y. KENTUCKY PLANING MILL H. H. MAYO, J. L. HENDERSON. MAYO, HENDERSON & LONG, BUILDERS AND CONTRACTORS.

AYER'S CHERRY PECTORAL FOR THE RAPID CURE OF Coughs, Colds, Hoarseness, Influenza

Bronchitis, Whooping-Cough,

Croup, Asthma, Incipient

Consumption, And for the relief of Consumptive pa And for the relief of Consumptive pa-tients in advance stages of the disease, We need not speak to the public of its virtues. Throughout every town, and almost every hamlet of the Amer-ican States, its wonderful cures of pul-monary complaints have made it al-ready known. Nay, few are the fam-ilies in any civilized country on this continent without some personal evreilies in any civilized country on this continent without some personal experience of its effects; and fewer yet the communities any where which have not among them some living trophy of its victory over the subtle and dangerous diseases of the throat and lungs. While it is the most powerful antidote yet known to man for the formidable and dangerous diseases of the pulmonary organs, it is also the pleasantest and shrest remedy that can be employed for infants and young persons. Parents should have it in store against

Parents should have it in store against the insidious enemy that steals upon them unprepared. We mave abundant grounds to believe the Carnar Paccocat saves more lives by the consumptions if prevents than those it cures. Keep it by you, and cure your colds while they are curable, nor neglect them until no house. neglect them until no humas skill can master the inex-orable canker that, fastened on the vitals, eats your life away. All know the dreadful fatality of lung dis-orders, and as they know too the virtues of this rem-ely, we need not do more than to assure them it is still made the best it can be. We spare no cost, so care, no toll to produce the most perfect possible, and thus afford these who rely on it the best agent

which our skill can furnish for their cure.

AVER'S CATHARTIC PILLS. THE sciences of Chemistry and Medicine have been taxed their utmost to produce this best, most perfeet purgative which is known to man.

Innumerable proofs are shown that these Pitts have virtues which surpass in excellence the ordinary med-icines, and that they win unpreceentedly upon the esteem of all men. They are safe and pleasant to take, but powerfoil to cure. Their pen-etrating properties stimulate the vital activities of the hody, remove the obstructions of its organs, purify the blood, and expel the disease. They purge out the foul humors which breed and grow distemper, stimulate singgish or disordered organs into their natural action, and impart healthy tone to the whole system. Not only do they cure the every-day complaints of every body, but also formstable and dangerous dis-cuses that has bailed the best human skill. While they produce powerful effects, they are at the same time, in diminished doses, the safest and best physic that can be employed for children. Being sugar coated, they are pleasant to take; and being purely vegetable, are free from any risk of harm. Cures have been made which surjans belief were they not substantiated by men of such exalted position and character as to forbid the suspecion of untruth. Many eminent clergymen and physicians have lent their names to certify to the public the reliability of my remedies, while others have sent me the assurance of their conviction that my Preparations contribute im

men.

The Agent below named is pleased to furnish gratis my American Almanac, containing directions for their use and certificates of their cures, of the following Costiveness, Bilious Complaints, Rheumatism, Propay Heartburn, Headache arising from a foul Stomach Nausca, Indigestien, Merbid Inaction of the Beweb and Pain arising therefrom, Flatulency, Loss of Appe tite, all Ulcerous and Cutaneous Diseases which require an evacuant Medicine, Scrofula or King's Evil. They also, by purifying the blood and stimulating the system, cure many complaints which it would not be sup-posed they could reach, such as Deafness, Partial Blandness, Neuralgia and Nervous Irritability, Perangements of the Liver and Kidneys, Gout, and other kin ed complaints arising from a low state of the body r obstruction of its functions.

Do not be put off by unprincipled dealers with some other pill they make more profit on. Ask for AYER's

monsely to the relief of my afflicted, suffering fellow-

Pilis, and take nothing cise. No other they can give you compares with this in its intrinsic value or curative powers. The sick want the best aid there is to them, and they should have it. wonderful effects of a popular medicine, but in send-ing you the certificate I feel that I am only discharging a duty that I owe to the Grafenberg Company, and more especially to suffering humanity. About the first of June last, I had a negro man taken with a cough attended with restlements, spitting of blood, and other dangerous symptoms of consumption. I immediately called in a truly skillful and eccentric thy sician, who told mis it was a case of consumption the treated him for several weeks, but he grafually grew worse. I then had another physician of great reputation in lung diseases. He eximined him, and also decided it to be a hopefess case of consumption, and said it was uselose to spend money in trying to care him.

I had previously promised the Guefenberg Agents here, (Mossrs, Wells & Lowell,) that when the doctors gave him up I would try the Granonberg Consumptive's Halm. I did so and to my agreeable surprise, the man began to improve after taking only five or aix doses. He took only two bottles of the Balm and three bottles of the Grases berg Sara sparilla Compound, which cost me the small sum of nine dollars, and to day I consider him entirely cared. He is worth \$1,200, and he is doing me good service on the plantation. I consider him perfectly sound and well as he is the hearty, and strong, without a vest se or sign of disease left.

JUIN MYELS, Claiborne, Als.

I have used the Grafenberg Consumptive's Baim in severe cases of consemption, in my peacitice, with the happenst effect. I wish all would use it.
